

PRODUCT DATA SHEET

PAYPOINT WINDOWS

AMK24 Ballistic Rated Window

Designed for internal use. This ballistic attack resistant window is rated to G2/S86 level, which provides protection against both hand gun and shotgun attack.

An integral pass through tray is provided, which incorporates electronic speakers and microphone for the built in speech transfer unit. These are set at an angle to reduce the possibility of feedback.

The unit is finished in a powder coat finish to light grey BS 00 A 05.

For specific applications, we are also able to supply custom designed windows to any size and protection level.

Dimensions:

1067mm high by 645mm wide by 410mm deep (overall).

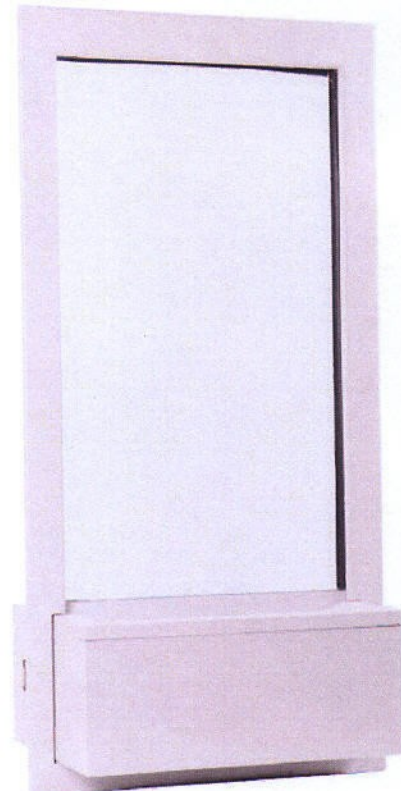

Weight: 95kg

Construction: Mild Steel

Electrical:

Mains supply: 240v, 3Amp, 50/60Hz

Audio system: 2 way fully Duplex
