

PRODUCT DATA SHEET

Special Gates

AMC are able to design, construct and install gates for ant non standard application. Facilities ranging from Military sites, Airports, Police facilities, etc, all have specific requirements, ranging from extra wide gates, such as the 85m aircraft access gate pictured above, to quick acting, secure gates for police custody suites. Military sites have been fitted with our high security sliding beam, as shown below.

Whatever the design requirements, AMC is able to offer a tailor made solution. Please call us to discuss your particular specification.
